3510 Darrow Ave SE,

Buffalo MN 55313

Education

UX Design

University of Minnesota | Sept - Nov 2023

Worked with multiple different UX teams throughout different projects to accomplish the following: gather user research, define the user and problem, ideate solutions, design and test the product.

Ui Design

University of Minnesota | Nov - Jan 2023-24

Throughout this section, government agencies were chosen and redesigned. Improved Nasa's entire navigation, added UI elements, and updated accessibility. Collaborated with a UI team to select a nonprofit organization and renovate their website. Also went through the design process of: research, define, ideate, design, and test.

Coding

University of Minnesota | January - March 2024
